NAMED TULIPS

Elliott's Hand Made Mixtures

DARWIN TULIPS

Each Mixture Guaranteed to Contain 10 Distinct Varieties—All Named In This Catalog

THE USUAL method of preparing a mixture of anything is to take so many of this, so many of that and so many of the other, throw them in a pile, and mix them with a wooden shovel. A mixture so made is a perfectly honest mixture, but what an individual customer gets out of it is obviously the result of chance.

FOR ADVANCE ORDERS ONLY, we will prepare five hand-made mixtures. Our new bulb warehouse, the finest thing of its kind in the world, contains a thousand bins. Every day, as required, ten employees will count out five bulbs each from ten named stocks and dump the fifty bulbs into one bin, repeating the operation until all of the bins are filled. EACH BIN WILL CONTAIN FIFTY BULBS AND NO MORE. Consequently to every customer who orders fifty bulbs of one of these mixtures, WE GUARANTEE THAT HE WILL RECEIVE

TEN NAMED VARIETIES, five bulbs of each variety. We further guarantee that all the varieties used are offered in this catalog. We cannot afford, at this price, to pack the bulbs under separate names nor allow the customer to specify what varieties shall be included. The choice must be left entirely to us.

Customers wishing less than fifty bulbs will have their orders counted from one of these bins. EXCEPTING WHERE THE ORDER CALLS FOR BULBS IN MULTIPLES OF FIFTY, we cannot guarantee that they will be filled with equal quantities of the ten named varieties, but it is probable that they will be. To the best of our knowledge and belief no other bulb house in the world has the facilities to prepare mixtures as fine as these and it will probably be years before anyone else can attempt it.

ELLIOTT NURSERY COMPANY

505 Magee Building, Pittsburgh, Pa.

Every Offer in This Book Positively Closes July 1

EARLY in July our buyers sail for Holland to get the pick of the best bulb crops. To place your order after sailing date, is to buy too late; it would then be impossible to fill your order.

Your advantages under this method are many: Ours is the Biggest Bulb House in the World. We import on such a large scale that we can and do sell the world's finest, super-quality, named bulbs at prices lower than are charged for nameless, second rate ones.

As we deal with scientist-specialists in each variety, rather than with ordinary growers, you can be certain that every Elliott bulb is exactly as named and described, that every bulb is fresh and healthy, and that every bulb has reached its full maturity and is ready to produce its finest flowers.

As you go through this catalog, you will find a greater variety of bulbs than any retail store could possibly carry. But, better than this, you will find Elliott bulbs described with an accuracy of detail that is impossible to the average clerk. So, when you put an Elliott bulb into the ground, you know exactly what kind of a flower it will bring forth.

Remember Elliott's Super-Quality Bulbs cost less than nondescript ones, remember that we import to your order. Your bulbs will be selected and packed in Holland and will be shipped to you immediately upon their arrival in this country next fall, perfectly fresh, double-tested, and in the best possible condition.

But you must be prompt; your order must reach us by July 1.

ELLIOTT NURSERY CO., 505 Magee Bldg., Pittsburgh, Pa.
In Business 41 Years—The Biggest Bulb House in the World

Order Now Pay Next Fall

The Elliott Money-Back Bond protects you to the limit. October is planting time. We make no deliveries until the bulbs should go into the ground, so we do not require payment until delivery time.

America's Finest Outdoor Tulip Show A Garden of 50,000 Flowers

WOULD you like to see the finest Tulip Show that has ever been produced in this country? Then visit the magnificent outdoor exhibit at our Evans City, Pa., nursery this spring.

You will see Fifty Thousand blooming Tulips, all the late flowering sorts—Darwins, Breeders, Hybrids, and so on, all grown from Elliott's Bonded Bulbs, all listed in this book and every variety available for your own garden.

Then, you will see new rare and scarce tulips; varieties so rare that they have never before been shown in this country; flowers so valuable that we are under contract to return the bulbs to Holland.

The background to this massed and glorious beauty consists of three acres of loveliness, planted with all the skill and knowledge we possess.

If you live in the Pittsburgh district, or if you plan to be in this vicinity, come to this show. You will enjoy a visit to the extensive gardens that comprise our nursery. You will be happy every minute you spend amid the restful beauty of our hill-surrounded, cultivated plateau.

Because weather conditions govern growing, the time cannot be determined now. Write us; we will let you know the dates later. There is, of course, no charge of any kind.

IT is a rapidly growing practise to avoid color clashes in the garden. Flower lovers now seek the more satisfying effect of related colors and shades. On this page we offer four combinations of Tulips that will give you a gay *Harmony in Contrast*. Please be sure to order your group or groups by number, and please remember that we cannot make any changes or substitutions. Each combination must be ordered as arranged.

[illegible]

THE collections on this page will give your tulip garden Beauty in Blend, rather than beauty in contrast; effects more delicate, more subdued. These gentle pastel tints have been grouped to shade down to a blend. The collections on these two pages have been selected by Mr. Elliott, whose reputation as a landscape architect is national. Be sure to have several of these groups in your garden. Every tulip offered is healthy, virile and easy to grow.

Harmony in Blend

This Balsam is easy to grow and is very prolific. It blooms early and lasts right through the summer. The colors we will send you are a delightful harmony in Malmaison Pink and Salmon. With group 5, etc., you will get enough seeds to produce 480 blooms; with group 5A, etc., enough for 720 blooms, and with group 5B, etc., enough for 1200 blooms.

GARDEN OF DARWIN TULIPS

Giant Darwin Tulips

(FLOWER IN LATE MAY)

GORGEOUS, flaming, regal beauty . . . strong, fine lovely blooms . . . on tall, sturdy, stately stems. No wonder the Darwin is the best liked of all Tulips; no wonder it is the favorite of those who have neither the time nor the inclination to work long and hard in their gardens.

All Tulips, but especially Darwins, will thrive anywhere, in any kind of soil. And while a little care is desirable, Darwins will do surprisingly well even when neglected. So, Darwin Tulips are ideal for the

beginner; for the man with his first garden, who is troubled by the doubts and fears of inexperience.

Darwins produce vivid, striking color effects; they make an excellent special garden, or a solid bed along a boundary line. Massed in borders in front of shrubbery and hedge, they are a joy to all beholders.

For Hand Picked Mixtures, see page 2. For best Effects, allow four bulbs for each square foot to be planted.

	Per Doz.	Per 100

Order Now—Pay Next Fall

SOLD WITH A MONEY-BACK BOND

TO many beginners, tulip colors are alike and equal: red is red, pink is pink, and blue is blue.

But when the amateur graduates into the expert's class, he is attracted only to that which is superfine. He seeks the subtle differences in texture, in color and light reflections. To him these qualities are priceless. This *Graduate's Hand Picked Darwin Collection* has been selected from blooming bulbs, by experts under the direction of Mr. Elliott. It will satisfy the most exacting connoisseur.

DARWIN TULIP

All Elliott Bulbs are Twice Tested: once in Holland to eliminate undesirable bulbs, and once again on their arrival in this country, to doubly prove their perfection, and to make certain their desirability for growth in America.

THE TULIP THAT WON A BEAUTY CONTEST

The Magnificent Farncombe Sanders

(Pictured on the cover of this book)

SOLD WITH A MONEY-BACK BOND

Order Now—Pay Next Fall

DURING our Tulip show last year, we asked a thousand visitors to cut and bring to our office the five tulips they liked best. The Farncombe Sanders won by a huge majority. This result did not surprise us a bit; for many years the Farncombe Sanders has led all others in popularity. It is the world's best seller among Tulips.

The Farncombe Sanders has a glorious, stupendous beauty. Its color is an intense brilliant scarlet. Its flower is beautifully shaped and giant in size. Its stem is strong and straight, and grows 25 inches high. It is a perfect specimen of Darwin Tulip.

Plant Farncombe Sanders bulbs; plant them in masses, and some time next May they will bloom together in a blaze of glory.

50 Bulbs (Regular Price \$ 3.25)—Special Price \$ 2.75

100 Bulbs (Regular Price \$ 6.50)—Special Price \$ 5.50

500 Bulbs (Regular Price \$30.00)—Special Price \$27.50

FREE Aster Seeds

After your tulips have bloomed, after you have stored your bulbs to plant again in the fall, you will want flowers in the space. With every order for this collection we will send Absolutely Free a liberal supply of California Giant Double Asters—the best Aster grown; big beautiful flowers, with curled and interlaced petals.

We will send you the following lovely colors: Deep Rose, Light Blue, Peach Blossom, Light Purple, Dark Purple, and White. The quantity of seeds we will send depends upon the number of tulip bulbs you order.

Read Our Special Offers

BREEDER TULIPS WITH SHRUBS IN BACKGROUND

Majestic Breeder Tulips

(FLOWER IN LATE MAY)

IN their Giant size, their Robust Growth and their Sturdy Health, Breeder Tulips are identical with Darwins; even to their time for blooming. And like the Darwins, they are ideal for the beginner as well as the professional.

The only difference between the two is in the color range. Darwins have a flaming beauty, while the Breeders run to a wide, rich variety of pastel shades.

Read the descriptions, which follow, and see how easy it is to have a Tulip Garden far from the ordinary, in its unusual and delicate beauty.

Among the Breeders are royal purples tinged with golden bronze . . . lavender, violet, primrose and glowing bronze, all in one flower . . . in another, a marvellous

blending of brown, lilac, yellow and bronze . . . and so they run; color harmonies, so lovely, and in such variety that every description makes happy reading.

It is fortunate that Breeders and Darwins grow alike and bloom at the same time. For when planted together, the result is wonderful. The adjacent illustrations will give you good ideas of these happy combinations.

For best effects allow four bulbs for each square foot to be planted.

For the Hand Made Mixtures see page two.

	Per Doz.	Per 100
Apricot. Dull, bronzy buff, shaded ruddy apricot base.....	\$1 15	\$8 00
Attraction. Light bluish violet, inside glowing purple, white base	1 25	9 00

Fine Balsam Seeds FREE
Order Now—Pay Next Fall

THE lovely colors and shades that fill the sky just before twilight . . . the delicate, peace-bringing pastel tints that come with the ending day . . . these hues are the inspiration for this Special Collection of Breeder Tulips.

Instead of vivid, vigorous, strong colors, here you have a soft, gentle glow of dainty beauty; the fragile beauty of refinement.

And with all this porcelain-like beauty, the bulbs are so virile and ruggedly healthy that they will thrive even if neglected.

The FREE Seeds

WHEN your tulips have gone, what will you put in their place? Let us answer this question. With every order for the above collection, we will send Free, a large supply of Elliott's Balsam (Lady Slipper) Seeds: These flowers are beautiful for house decoration, and equally beautiful in any garden; for just one stalk is an old-fashioned bouquet. This Balsam is Elliott's Improved Double, Prize Strain, Camellia-Flowered—easy to grow and very prolific. It blooms early and lasts right through the summer. The colors we will send you are a delightful harmony in Malmaison Pink and Salmon.

DOROTHY ELLIOTT INSPECTING NEW HYBRID TULIPS

New Hybrid Tulips

An Achievement in 'Rare Colors'

(FLOWER IN LATE MAY)

THIS tulip is the scientific victory of a Dutch Scientist. He has accomplished the impossible; the pure white, and the pure yellow. To the artist-gardener, this accomplishment has satisfied a yearning long considered hopeless. To the tulip lover, who is more interested in beauty than in science, the New Hybrid provides a color range hitherto impossible; it gives you the rainbow; all the colors of the sky and the spectrum to play with.

As the New Hybrid is a blood relation to the Darwin and the Breeder, it combines all the desirable qualities of both, and more. It thrives everywhere; it is healthy and strong and its blooms are large and lovely. It is definitely in the Giant Class. It is more desirable, because concentrated in one flower, there are color combinations impossible in the Darwin or Breeder. For several years, the New Hybrid will be a semi-rare bulb, for it is a new bulb. So, its price is somewhat higher than those that are plentiful.

Imagine having tulips like these for cut flowers: in one flower, orange, red, deep red, brilliant orange, black and yellow—in another, bronze and gold—and in another, lilac and white. But read the descriptions and envision the beauty the New Hybrid will bring to your garden.

For best effects allow four bulbs to each square foot to be planted.

TULIP MENTOR

TULIP ROSABELLA

For the convenience of our customers who may wish to plant circular beds, we are giving the diameters of circles from 3 to 12 feet. The diameters are approximate since any area greater or less than $\frac{1}{2}$ square foot is not considered since it will have no bearing on the number of bulbs required.

A circle 3 feet in diameter has an approximate area of $7\frac{1}{2}$ square feet.

A circle 4 feet in diameter has an approximate area of $12\frac{1}{2}$ square feet.

A circle 5 feet in diameter has an approximate area of $19\frac{1}{2}$ square feet.

A circle 6 feet in diameter has an approximate area of 28 square feet.

A circle 7 feet in diameter has an approximate area of $38\frac{1}{2}$ square feet.

A circle 8 feet in diameter has an approximate area of 50 square feet.

A circle 9 feet in diameter has an approximate area of $63\frac{1}{2}$ square feet.

A circle 10 feet in diameter has an approximate area of $78\frac{1}{2}$ square feet.

A circle 11 feet in diameter has an approximate area of 95 square feet.

A circle 12 feet in diameter has an approximate area of 113 square feet.

Order Now—Pay Next Fall

MASS PLANTING OF ENGLISH GARDEN TULIPS

The Patrician of Bulbs

Old English Garden Tulips

(FLOWER IN MAY)

CENTURIES of breeding are behind Old English Garden Tulips (Cottage Tulips). They have every attribute of their ancient and aristocratic lineage. Their shapes are many; they vary from the long, pointed, reflexed sort to the round, cup-shaped variety.

But all have the beauty, the grace, the elegance that come from generations of careful breeding. And with this careful breeding have come sturdy permanence, healthy growth and ever-satisfying beauty.

While some Old English Garden Tulips have long stems and large blooms, others do not; the slender, daintily shaped blooms have shorter stems. So, some should not be planted in masses; they make a better show when they have a background . . . in front of shrubbery, among perennials. They are charming

among rose plants, as they bloom before the roses do.

Old English Garden Tulips give you the opportunity to fill your spring garden with many delightful beauty spots. Read the descriptions carefully; they will help you a lot in making your selections.

Would you like sweet-scented tulips? Here are some. Do you want the colors of your tulips to harmonize not only with themselves, but also with their surroundings? Your wish can be gratified, for the color range is wide: single colors . . . soft, delicate, beautiful blends and flushes . . . vivid, strong, contrasty colors . . . from one to six shades in a single flower.

For best effects allow five bulbs for each square foot to be planted.

For Hand Made Mixture See Page 2.

The FREE Seeds

AFTER these tulips have bloomed and you have put away the bulbs, we offer our unusually lovely, highest grade dahlias for the empty space. Contrary to general belief, dahlias grown from seed, grow faster, bloom earlier, and the flowers last longer, than those grown from tubers. With every order for the above collection, we will send Absolutely Free a liberal amount of Dahlia Seeds—more than enough to again beautify the space after the tulips are gone.

The flowers from these seeds will be equal in size and beauty to the results from the costliest tubers. The flowers will be mixed colors.

All Your Money Back If You Are Dissatisfied

Per Doz. Per 100

Kingfisher. Soft yellow ground, feathered maroon and violet with green base. A very unique color combination. Height 18 inches. \$0.25 each.	\$2.75	\$19.00

The Connoisseur's Collection of Pedigreed Tulips

THE painstaking seeker of the finest expression of tulip beauty will find complete satisfaction in this collection. Here is achieved those delicate differences in color, texture and light reflections that the expert can best appreciate. Here, too, are the exquisitely beautiful shapes that personify the centuries of breeding that are the background of Old English Garden Tulips. Like all Elliott Bulbs, these are easy to grow, and require a minimum of attention.

[These varieties were carefully selected by a committee of experts, headed by Mr. Elliott]

AMBER CROWN Exquisite pale Yellow and Lilac
ELEGANS ALBA Lovely White with Carmine edge

ILLUMINATOR Yellow with an Orange Flame
QUAINTNESS Golden Bronze and Old Rose
WALTER T. WARE, The deepest and richest Yellow Cottage Tulip

25 Bulbs (5 each)—Regular Price \$ 3.70—Special Price \$ 3.35
50 Bulbs (10 each)—Regular Price \$ 7.35—Special Price \$ 6.65
100 Bulbs (20 each)—Regular Price \$14.70—Special Price \$13.25

These collections must be ordered as stated; we cannot make changes or substitutions.

FREE Flower Seeds NIGELLA (Love-In-A-Mist)

WITH every order for this collection, we will send a liberal quantity of Nigella (Love-In-A-Mist) Seeds—sufficient to plant the space vacated by the tulips, after they have bloomed. This unusual flower is a compact growing plant with delicate, lacy foliage and unusually formed attractive flowers. We will send you two colors—Blue and White.

WALK BORDERED WITH TULIPS WHITE HAWK AND COULEUR CARDINAL

The Gay and Friendly Early Tulips

(FLOWER IN APRIL)

{ Our Money-Back Bond does not apply on these in the Far South. The strong sun makes them bloom too soon; the flowers come when the stems are just an inch or so above the ground. In other latitudes this "forcing" does not happen, and our Money-Back Guarantee does apply. }

LIKE the Robin, these tulips gladden the heart with the news that spring has really arrived. They are among the first flowers to bloom, after the drab barrenness of winter; their gay glowing colors are welcome carriers of happiness.

Early Tulips seem to belong in the front of the house. Group them on either side of the front door, along the entrance walk, and here and there, wherever you would like a beauty spot.

As you read the descriptions of the different varieties, you will see that Nature has colored them just

right to make them true harbingers of the Gladness of Spring . . . rose pinks . . . various shades of yellow . . . rose and lilac . . . cherry red . . . gold . . . primrose . . . violet, and so on.

These Early Tulips bloom about 40 days ahead of the late varieties, so they flower and go, in abundant time for you to replace them with other plants.

For best effects allow five bulbs for each square foot to be planted.

For Hand Made Mixture, see Page 2.

NAMED SINGLE EARLY TULIPS

Prices quoted are for orders booked July 1, 1930

	Per Doz.	Per 100
Artus. Brilliant red	\$0.75	\$5.50
Augusta. Lovely clear rose-pink; extra large flower of fine shape. Forces early	1.00	7.00

For Those Who Would Be Exclusive

The New Mendel Tulips

(FLOWER IN LATE APRIL)

FOR those who want to be in the advance of things, for the gardener who takes pride in having tulips others are not likely to have, for the man who likes to introduce the new and unusual to his neighbors, here is the New Mendel.

It is the newest thing in tulips, and the present vogue in smart European Society. The strain is new, the bulbs are very scarce. The New Mendel has not been generally tested in America, but Mr. Elliott saw them in Holland, and selected a few of the best varieties.

We have tried out these varieties in our own fields; so we are satisfied that they will thrive in this country. *We do not hesitate to sell them with our Money-Back Bond.*

The New Mendel is unquestionably the Tulip of The Future. Its blooms are as big as the Darwin's, it has the same brilliant color range, the same robust health, but its own distinctive and beautiful shape. Also, it blooms several weeks ahead of the Darwins, and *can be grown in the house in winter months.*

For best effects allow five bulbs for each square foot to be planted.

TULIP GOLDEN KING

TULIP MURILLO

TULIP PEACH BLOSSOM

The Double Varieties of Early Tulips

(FLOWER IN APRIL)

Our Money-Back Bond does not apply on these in the Far South. The strong sun makes them bloom too soon; the flowers come when the stems are just an inch or so above the ground. In other latitudes the "forcing" does not happen, and our Money-Back Guarantee does apply.

WHETHER one shall plant the single Early Tulips or the double Early Tulips depends on whether one prefers delicate grace or massive strength. Of the two the double Tulips are heavier and more sturdy and last longer in bloom. The color range of both groups is almost identical. However, the double Tulips are about a week later coming into bloom.

Like the single Early Tulips, the double kinds are best grouped at the entrance, though because of their

heavier texture they are very effective planted in beds by themselves. They will thrive with very little attention and are, therefore, specially recommended for cemetery planting.

All double Early Tulips may be grown in the house during the winter months. See Page 27.

For best effects allow five bulbs for each square foot to be planted.

For the Hand Made Mixture, see Page 2.

	Per Doz.	Per 100
Azalea. The finest of the dark rose double tulips	\$1.15	\$8.00

The Narcissus ('Daffodil') Pictured on the Cover

A Bargain in Beauty

The Emperor Narcissus

For the Garden in Spring - For Indoors in Winter

FREE Phlox Seeds

Order Now - Pay Next Fall - Sold with a Money-Back Bond

THE appeal of the Narcissus is in its gentle, dainty beauty; a beauty that is expressed in its every detail. The Emperor is one of the largest and finest varieties. Its trumpet is a Deep Golden Yellow, its perianth (wings or petals) an exquisite primrose.

For the spring outdoor garden, and for winter blooming in the house, the Emperor is ideal. It is easy to grow and does exceedingly well in almost any location, shady or sunny, or in moist or dry ground.

Emperor Narcissus are a permanent investment in ever-increasing beauty and value; for the bulbs increase in number and produce more beautiful flowers, year after year. So these advantages, coupled with our Bargain Price and our Free Seed Offer make this an irresistible opportunity.

Bargain Prices

Fragrant Narcissus in the House All Winter

Your Money Back If They Do Not Grow

Order Now~Pay Next Fall

FRAGRANT PAPER WHITE NARCISSUS
(Grown in Pebbles)

Guaranteed if Bulbs Are Planted After Thanksgiving

LARGE clusters of snow-white, daintily shaped flowers, very fragrant. For indoor growing only, except in the Far South. No soil needed. Plant bulbs in bowls using ordinary pebbles and a little water.

PICTURE these beautiful Narcissus in your home, flowering from Christmas until spring. Imagine them in your living room, over the fireplace, on the dining table and in the children's bed room. Contemplate the pleasure it would bring to a sick friend to receive a gift of these fresh, live, growing, beautiful and fragrant flowers.

Fragrant Paper White Narcissus

EVERYONE who likes growing things feels the need of flowers when winter comes. That is why people are so willing to pay high prices to florists. Many who have tried to grow plants indoors have given up, because of poor or indifferent results. For satisfactory success, some plants require much care, and expert knowledge. Others cannot be made to grow at all indoors. But the Paper White Narcissus cannot fail.

Experience Unnecessary for Abundant Success

THOUGH you have never watered a blade of grass or planted a single seed, or cared for a single plant, the Paper White Narcissus will grow for you. Or, rather, it will grow without you. All that is needed is the bulbs, a bowl, some pebbles, a little water, and no attention whatever.

Order Now~ Pay Next Fall

*Sold With A Money-Back Bond
if Planted after Thanksgiving*

EVERY statement made here is substantiated by our Money Back Guarantee. If these bulbs do not live up to our representations, your money will be refunded. We make just one condition: *the bulbs must be planted after Thanksgiving*. So you do not take a single risk. The bulbs will be delivered next fall, and payment will not be required until then. Send your Order NOW, today, so that you can enjoy the beauty and fragrance of these Narcissus from Christmas on, all through the winter.

Rare and Exclusive Triumph Tulips

(FLOWER IN LATE APRIL)

THIS is the founder of a new race of Tulips, and a smashing victory for a group of great Dutch Hybridists. It is the result of many years' careful development. For many years, this—The TRIUMPH—will not be available for general use.

Eventually, this variety will supplant the Darwin in popularity, but for a long time it will be Rare and Exclusive. Here are its advantages: it has the virility,

the form and the substance of the Darwin, but blooms five or six weeks earlier. Though an early bloomer, it has the giant size and long stems of the late varieties. It is easily forced. Because of its newness and rarity, the color range is limited; its colors, though, are unusually beautiful, especially for house decoration.

For best effects allow five bulbs for each square foot to be planted.

TRIUMPH TULIPS

Late Show Tulips

The Tulip of Romance and History

(FLOWER IN LATE MAY)

WHEN Knighthood Was in Flower, this tulip grew in the Queen's garden. It comes down to us from before the days of the Tudors. For centuries this was the only kind that grew; you could get no others. In Colonial days, the colonists who came to America,

brought bulbs like these to gladden their pioneer homes. They are stately and desirable, and are exactly right in the garden that surrounds a house of formal architecture.

For best effects allow five bulbs for each square foot to be planted.

NATURALIZED PLANTING OF THE POET'S NARCISS

Elliott's Bonded Narcissus

Northwestern Grown

IT is with great pleasure and satisfaction that we announce that we can now offer our Narcissus with every assurance that they will give abundant satisfaction. And we unhesitatingly back this statement with the Elliott Money-Back Guarantee.

Some years ago, the government prohibited the importation of Narcissus. This threw upon American growers the task of developing their own bulbs. Extensive and conclusive experiments proved that the only worth while bulbs were those grown in the Northwest. Narcissus bulbs developed in other than a

climate which has long, cool, moist springs, are unreliable and unsatisfactory.

You can pin your faith to Elliott's Narcissus. Every bulb is guaranteed to be Northwestern Grown, sturdy, healthy, and virile; they are every bit as good as the finest Holland bulbs.

So, once again you can have this exquisitely lovely flower at its very best. Plant them in your rockery and among your perennials, also at the edge of your shrubbery. They will last indefinitely and will bloom year after year.

All Elliott Narcissus will grow indoors during the winter months.

SINGLE NARCISS

(Trumpet Daffodils)

	Per Doz.	Per 100
Empress. White perianth of great substance; trumpet rich chrome-yellow. Showy for border or naturalizing. Does equally well forced. Height 18 inches.	\$2.50	\$18.00

The Lovely Hyacinth

(FLOWERS IN APRIL)

DELICIOUSLY scented, delicately beautiful in every detail, quietly refined and formal in shape and color, the graceful, dignified Hyacinth has a winning allure to those who are attracted to the elegance of simplicity.

To such people, spring would not be spring without their beauty spots of hyacinths. It is significant that children love them, and that millions of Hyacinths find themselves on the altars of churches.

Study the photographs of Elliott's choice Hyacinths, then read the descriptions of our many varie-

ties. For your garden there are virginal whites of many kinds . . . azure-blue, porcelain blue, deep dark blue, and blue touched with violet . . . yellows that range from orange to creamy-white . . . reds from dainty pink, through carmine, to ruby violet . . . But read the descriptions, select your choice and send your order. You will never regret growing these beautiful, fragrant flowers. Every Elliott Hyacinth can be grown indoors during winter. For best effects plant four bulbs per square foot.

First Size Named Hyacinths

William The First. Brilliant carmine.25	2.70	20.00
Yellow Hammer. Compact spike of a lovely creamy-yellow. Excellent for pot culture.25	2.70	20.00

When you put an Elliott Bulb into the ground, you know exactly the kind of flower it will bring forth. You know when it will bloom, and how it will bloom. Yet Elliott Bulbs cost less than unpedigreed, nondescript ones. It pays to deal with Elliott; you get more beauty at less cost.

Single Mixed Hyacinths

A Real "Buy"

FOR those who want a real flower at little cost, Elliott's Single Mixed Hyacinths are impossible to beat. Considering their price, these are really unusual bulbs, and while they should never be forced, you will find it pretty hard to stop their growth if you plant them outside. We anticipate a heavy demand for this bulb this season.

Miniature Hyacinths for Indoor Growing

LONG experience has convinced most garden lovers that Roman Hyacinths are much too high priced for their mediocre quality. Instead experienced planters are using the Single Small Forcing Hyacinth with results that are highly gratifying. Costing *less than half the price of Roman*, they give a flower of about the same size with larger bells and *a great deal more strength*. We are offering in this section only those varieties which produce the finest flowers and *force easily*, blooming early in January. This bulb was one of our best sellers last year.

Seven Hardy Bulbs

That Flower in March

WHEN the shrubbery is bare, and every landscape is a depressing vista of sombre dreariness . . . when spring is a promise rather than a reality . . . then these seven brave little flowers bring cheer to the winter-weary soul.

Neither snow nor wind, nor rain can deter them from appearing on schedule time. Like mischievous little coquettes, they wave their cheerful colors to you from under the brown shrubbery or over the edge of the rockery.

Plant them once, and year after year they will come up every March to say "Here we are, happy to make you happy!"

For best effects, plant 7 to 9 bulbs to a square foot.

7 Hardy Miscellaneous Bulbs for Naturalizing

	Per Doz.	Per 100
CHIONODOXA (Glory of the Snow). Used largely for naturalizing. Very pretty blooms early in April.

WINDOW DECORATION WITH ELLIOTT'S BULBS

Flowering Bulbs for House Culture

Flowers in the House from Christmas until Easter

Provided directions are followed and except where stated otherwise, the Elliott Money-Back Bond applies to all Bulbs for indoor growing.

WITH only such facilities as every home has, and with about as much trouble as it takes to keep the eight-day clock running, one may, by selecting bulbs in the proper classes, have flowers to bloom in the house all winter. The amount of skill required is so little that a twelve-year-old school girl should be able to do it as well as the most experienced professional. The flowers produced are among the finest known to floriculture and you purchase exactly similar flowers all winter in the florists' shops at three times as much as it would cost you to grow them yourself.

If you are a beginner you will, of course, want some Hyacinths, since there is nothing easier to grow. You may use anything in the first sized named Hyacinths (page 36), the Miniature Hyacinths (Page 39), or the Special Prepared Dutch Hyacinths

for very early bloom, listed on next page. Equally easy are the Single Early and the Double Early Tulips (Page 26). The Triumph Tulips (Page 30), grow as easily as the Early sorts (Page 23). The Mendel Tulips (Page 25), have been developed specially for forcing and are easiest of all to grow in this way. Then there is the Narcissus (Page 47), which seem almost to grow themselves. There are also the Lily-of-the-Valley and the Calla Lilies which require hardly enough attention to make the experience interesting.

The Freesias are a little more difficult, though still quite simple. The Lilies require some skill and the beginner should prepare himself for some disappointment the first time he attempts to grow them. Among late flowering Tulips the Breeders (Page 11)

Let the Children Plant a Bulb Garden

and the Darwins (Page 6) may be forced but to force them successfully requires real skill. Consequently, unless you are sure of your ability you had better stick to early Tulips and not try the Darwins and Breeders.

For your convenience we are listing below some of the more popular varieties. However, if you prefer others you may make your own selection. Keeping in mind what we have said above, you cannot possibly make a mistake.

HYACINTH GRAND MAITRE

HYACINTH HEAVENLY BLUE

Flowers for Indoor Growing in Winter

PREPARED DUTCH HYACINTHS

(To bloom for Christmas)

In order to prevent confusion in filling orders we have renamed these specially prepared Hyacinths.

	Per Doz.	Per 100

5% Discount for Cash with Order

Not Guaranteed because Lily growing requires more care than the average person will give. Our Money Back Bond does not apply on Lilies. We supply full cultural directions, however. If these directions are followed in detail, satisfactory results can be expected.

LILIUM CANDIDUM (MADONNA LILY)

The Beauty of the Lily ~ Flower of the Ancients

FROM the earliest beginning of garden literature, the Lily has been highly esteemed. It is the most prized of all flowers today. True, there are easier flowers to cultivate; but perhaps we appreciate it the more for that. Unlike the tulip or the narcissus, which anyone can grow, a perfect lily is rarely produced by accident. It is a result of care and skill. It represents a triumph over conditions that most of our neighbors will not take the trouble to under-

stand. Whoever has planted and tended it may indulge a little in the pride of achievement.

Yet lilies are not unduly hard to grow. A little study of their native habits, a little attention to the proper choice of varieties, a little effort to give these the degree of sun and shade, of drainage and of moisture to which they are adapted, and they will reward the gardener with miracles of exquisite bloom.

JAPANESE LILIES

	Each	Doz.	100
Auratum. Gold-banded Lily of Japan. Large and graceful flowers of delicate ivory-white, closely dotted with chocolate-crimson spots; the center striped golden yellow; a truly gorgeous creation; 3 to 4 feet. Flowers in August.

5% Discount for Cash with Order

Because of transportation difficulties, Japanese Lilies frequently do not arrive in time for Fall planting, in which event we carefully pack them in sand and store them until Spring, when they are distributed.

European Grown Lilies

Brownii. Massive, deliciously fragrant flowers which open pale yellow fading to a creamy-white. The outside of the trumpet is streaked with reddish-brown. Grows 3 to 4 feet tall and blooms in July. The favorite lily of our President who considers it the most exquisitely beautiful lily in cultivation..... \$3.50

CANDIDUM: The Ancient Easter Lily. The beautiful and historic Easter Lily needs no introduction here, for, although the horticulturists call it *Lilium Candidum*, it is known all over the world as the Annunciation or Madonna Lily. Notwithstanding its rich beauty, many flower lovers deny themselves this fragrant Lily because of the incorrect belief that it must be planted early in September. At our own Nursery we have planted as many as 10,000 in November to get beautiful blooms the following June, when we sold them to wholesale cut-flower buyers for double the price of the original bulbs! Elliott's *Candidum* bulbs are really the finest that come to America, being grown only in the north of France.

Selected bulbs35	\$3.50	\$25.00
Extra large selected bulbs.....	.45	4.50	35.00

Each Doz. 100

TESTACEUM (Excelsum) NANKEEN LILY

Lilium Testaceum. Resembles more nearly than any other lily a yellow *Lilium Candidum*. In favorable situations it will grow from 6 to 7 feet tall and it is the most graceful of all the lilies and its yellow color is exquisite beyond description. The bulbs are very scarce and orders for *Lilium Testaceum* will be filled in rotation as received and we cannot guarantee to fill late orders. Extra select bulbs..... \$2.50

Each Doz. 100

NATIVE and AMERICAN-GROWN LILIES

	Each	Doz.	100
Batemanii. A vigorous, sturdy lily growing from 3 to 4 feet, bearing from 5 to 10 splendid reddish-orange flowers in July and August.	\$0.40	\$4.00	\$30.00
Canadense Flavum. The beautiful native Lily, with graceful, charming, yellow flowers.		2.50	18.00
Canadense Rubrum. Similar in all respects to the preceding variety, save that the flowers are red....		3.00	20.00
Canadense, Mixed. Flowers of various shades of yellow, orange and red, spotted with black and brown. Excellent for mass plantings or shrubbery borders, first size bulbs.		2.50	18.00
Elegans, Leonard Joerg. Rich apricot blooms, attractively spotted and dotted.		3.50	25.00

LILIAM REGALE

A Lily for Forcing or Outside Planting

The center of the flower is flushed with yellow, shading to white at the outer edges. Externally the flowers are streaked with brown shaded through the almost translucent petals with a delightful pearly tint. A truly royal lily and most extraordinarily beautiful. It has the merit of being hardy and as easy to grow as a carrot. It will grow anywhere, under almost any conditions and with no attention whatever. Its height is 4 to 5 feet and blooms in July. Because of its great beauty and exceedingly easy culture it is the most popular of all the lilies and the lily most widely planted. It may also be forced.

Selected Bulbs	\$0.50	\$5.00	\$38.00
Extra Selected Bulbs.....	.75	7.50	57.00

SUPERBUM—The Lily that Defies Neglect!

Superbum is unquestionably one of the most satisfactory and unusual lilies. It can be planted in the garden or the meadows; in wet swamps or dry ground; on the edge of the woods or in cultivated ground. It will thrive wherever you put it—and it will grow without care or attention! On top of all this it is truly a superb lily, as its name suggests; it often grows over eight feet high, producing 20 to 30 orange-red flowers in the one month when flowers are apt to be scarce—July. By virtue of our yearly contract to have 25,000 of these grand Lilies grown especially for us, we are able to offer them at a price low enough to make it available for naturalizing in quantities.

Extra Selected Bulbs	3.00	20.00
250 for \$45.00; 500 for \$80.00; 1000 for \$150.00.

Spring's First Flower—The Crocus

(FLOWERS IN MARCH)

BETWEEN the melting of Winter's last snow and the blooming of Spring's first tulip, a flat and barren landscape is an ordeal for sensitive people to endure. And it is quite unnecessary when Crocuses are available to fill in the void. It would seem almost foolish to deprive oneself of the joy that Crocuses bring. Even if one were indifferent on one's own account, isn't it selfish to refuse to add beauty to the world when beauty may be had at so little cost?

Crocuses, the earliest of all spring flowering bulbs, are also the cheapest; and there is nothing else to take their place. If the foliage is not cut off they will last indefinitely. They should be used for edging tulip beds or any garden bed or shrub border. Scattered through the lawn, they will gleam like jewels against the verdant background.

For the hand made mixture see page 2. For best effects allow seven to nine bulbs for each squarefoot to be planted.

The Magnificent Amaryllis

A STRANGE AND BEAUTIFUL FLOWER

*For Indoor Winter Growing
Blooms in January*

WHEN Nature sleeps, when the ground is as hard as steel, and when every landscape is bleak and barren, the Gorgeous Amaryllis will fill your home with luxuriant tropical beauty.

Picture having flowers like this to help dispel the cheerlessness of winter . . . large, lily-like blooms . . . beautifully formed and colored . . . a color range of reds . . . rose . . . crimson . . . scarlet . . . cherry . . . and maroon.

Each plant will average four big flowers, measuring from 6 to 8 inches in diameter. Occasionally one bulb will produce two stems, with blooms, and occasionally a stem will have five or six flowers.

Astounding Vigor Amazingly Easy to Grow

In some respects the Amaryllis is a miracle bulb. It is hardly an exaggeration to say that it cannot fail. Lay a bulb anywhere in a warm room; it will flower. It is best, though, to plant in pots. If you have hesitated about growing flowers indoors because of the doubts and fears of inexperience, the Amaryllis is just for you.

No skill is required, nor will it give you any trouble. All you need do is watch the magic of its growth and beauty.

The Amaryllis is a semi-rare bulb. Heretofore, its price has been too high for it to become generally known. We are happy to announce that we are now able to offer these bulbs at a price so low as to attract thousands of flower lovers. Do not deny yourself the pleasure of having these strange and beautiful flowers. Send your order Now, today.

The Elliott GUARANTEE and MONEY BACK BOND ~

EVERY bulb in this catalog is guaranteed to be first class in every respect, and absolutely true to name. And, except in a very few instances, every bulb we ship is sold with a Money Back Bond. This means that if you are in any way dissatisfied with results, you have

only to tell us; we will refund every cent you have paid. The bulbs will not have cost you a penny. There are no strings to this Bond; it is Exactly as Stated. In no case, though, shall we be liable for more than the purchase price of the bulbs.

TERMS of PAYMENT, Etc.

Please read before ordering

HYACINTHS, Tulips, Crocuses, etc. The prices quoted in this list on all Dutch Bulbs, Bermuda Lilies and other bulbs are for advance orders, which must reach us not later than July 1, 1930. To make these very low prices, we must have our orders in advance, as we cannot take any risk of having stock unsold on our hands. The bulbs will be delivered upon arrival, and need not be paid for until after delivery. Prices quoted include duty and all charges, including freight, expressage, or postage, from Pittsburgh.

Time of Delivery Bermuda Lilies arrive in August, Roman Hyacinths, Freesias, Can didum Lilies and Paper-White Narcissi in September; Dutch Bulbs, Hyacinths, Tulips, etc., in October. In ordering please state whether you wish your bulbs shipped as they arrive or all in one shipment. In absence of instructions, we will send all bulbs in one shipment, except Japanese Lilies and Lily-of-the-Valley, which will be shipped upon arrival, in November, December, or the following Spring. Transportation conditions are still so unsettled that we cannot guarantee time of delivery, but in the event of late delivery, northern orders will be shipped first, and extreme southern ones last.

Shipping Instructions Please send full shipping instructions. State whether goods are to be shipped by express or parcel post, and by what route. In the absence of instructions, we will ship by whatever method and route we think best. Please print your name and address on your order. Many times it is exceedingly difficult to read these two important points of an order, and a shipment may go astray.

5% OFF FOR CASH before July 1st 1930

Our terms of payment are invariably cash on delivery, which does not mean that we will ship anything offered in this catalog C.O.D., as we will not do so under any circumstances. We deliver the goods and mail bills at the same time, and expect payment within a few days. People unknown to us will please send references with their orders. Those who wish to send cash in advance with their orders will be allowed a discount of five per cent. from the prices quoted on this list on all orders made up from this catalog, received before July 1, 1930.

The earlier orders are given, the better we can have them filled. Some of our customers are now giving us orders to be delivered next Spring. Our representative usually sails for Europe early in June and personally selects the stock for all import orders received by July 1st.

Six plants of a kind will be furnished at the dozen rate; fifty or more at the hundred rate, and five hundred or more at the thousand rate. Less than six plants of one kind or variety will be sold only at the single rate.

No request for cancellation can be granted after July 10th, when the final orders are sent to Holland. Import orders taken subject to the failure of the crop.

With each shipment of bulbs we send printed cultural directions, giving full instructions for growing in the house as well as outdoors.

Bulbs and plants can now be sent by parcel post, and when it is advantageous we always do so.

Glorify Your Garden with Lovely DELPHINIUM

(Perennial Larkspur)

*Knee high!
Head high!
Ladder high!*

*Stately—
Exquisite—
Wonderful!*

*Perennial Larkspur
Most beautiful of plants*

For
September
and
October
Delivery

BLOOMING all summer, coming up year after year, sending aloft successive shafts of incredible color to a height of five, six, eight feet—it is doubtful if any other plant so superb as Delphinium ever graced a garden.

Few people are aware of the perfection to which this ancient flower has been brought by modern culture, how easily it can be planted and grown, and how lasting a delight the gardeners secure who plant Delphinium. If everyone knew, tall, hardy Delphinium would be more in evidence everywhere.

* * *

We offer specially selected plants grown from seeds of famous named varieties for autumn planting. Will grow anywhere but do best in rich garden soil. Every imaginable tint and shade of blue, lavender, and purple. We promise you'll find positive joy in their extraordinary bloom. Directions—few and simple—with each shipment.

Elliott's Magnificent Varieties

Improved English Hybrids—Range in color from very light blue to very dark blue, overlaid irregularly with tones of pink and lavender, rose, and lilac. Black spots on pistil and anthers at center of flower. Many blossoms show white secondary petals of white spots at bases of major petals. A wonderful wealth of color variation in the English Hybrids.

Fine Mixed English Hybrids—Dozen Strong Plants \$2.50, Fifty Strong Plants \$7.50, One Hundred Strong Plants \$15.00. Extra-Selected Varieties, each .50 cents. \$5.00 per dozen.

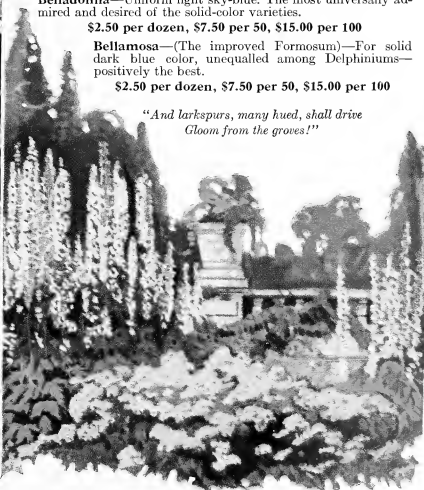

Belladonna—Uniform light sky-blue. The most universally admired and desired of the solid-color varieties.

\$2.50 per dozen, \$7.50 per 50, \$15.00 per 100

Bellamosa—(The improved Formosum)—For solid dark blue color, unequalled among Delphiniums—positively the best.

\$2.50 per dozen, \$7.50 per 50, \$15.00 per 100

*"And larkspurs, many hued, shall drive
Gloom from the groves!"*

from 1 bulb**

Blooms Indoors from January to Spring

A Prize to the Prompt *Order Now ~ Pay Next Fall*

SOLD WITH A MONEY BACK BOND

ONLY twice in 10 years have we been able to get a supply of these rare Hyacinth Multifloris (many flowers) Bulbs. This time we have the entire world's supply, which is only 10,000 bulbs. Instead of charging a high price for these rare and exclusive creators of remarkable beauty, we offer them at the very low price of 50 cents each. Can you imagine a bigger fifty cents' worth anywhere? *One bulb will produce from 6 to 10 separate trusses; each truss will produce a big cluster of beautiful, fragrant flowers.* This fragrance and beauty come when you need it the most, when you want it the most; from January on, and right inside the house.

*To make the distribution as fair as possible,
we will sell no more than 12 bulbs to a person.*

50 cents for One Bulb \$1. for Three Bulbs
Your choice of three colors; Pink, White and Blue.

*There are only 10,000
of these bulbs in the
world; and we have
them all. So, you must be
